

COMPETITION TURNED GREEN WITH ENVY!

While the hide-bound, slow pokes of the hundred percenters' district have been standing with their hands in their pockets the trade here has been unprecedented. The past ten days have seen at this store what no other clothing house in Kansas City has ever witnessed—a rush and a crush, and a jam from early morn till late at night. And it wasn't that we are so good looking, at all, at all, it was the tremendous drawing power of our money-saving bargains. The sale is colossal and the public applaud each fresh announcement of this procession of styles and bargains. The enthusiasm of the buyers is town talk, and it's from those who have profited by this unexampled opportunity that our greatest advertisement has come. It's the chance of the century. Act upon it at once.
